

United States Department of State

Washington, D.C. 20520

JUN 10 2004

Dear Mr. Speaker:

Pursuant to Sections 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense services, technical data and defense articles to Israel to support the manufacture and assembly of F-16 components and parts. The technical data and defense articles will then be re-transferred to Belgium, Greece, Turkey, Poland and the Republic of Korea

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, reading "Paul V. Kelly".

Assistant Secretary
